A Message from the Principal

Dear Sacred Heart Families,

I am grateful for the partnership we share in guiding our children to become the best versions of themselves, as God intended. At Sacred Heart School, we are committed to supporting your child's growth, not only academically but also spiritually, socially, and physically. Rooted in our Augustinian values, our school is a place where TRUTH is heard and spoken, where UNITY is seen and promoted, and where LOVE is experienced and lived. These guiding principles shape the way we learn, interact, and grow as a faith community.

I thank our dedicated staff and parents for their ongoing support in providing extracurricular opportunities for our students. Whether through sports, clubs, music, or special activities, these experiences enrich our students' education and help them discover and develop their God-given talents.

We are also excited to see students engaging in meaningful learning beyond the classroom through field trips. These experiences allow them to explore, ask questions, and deepen their understanding of the world in a hands-on way. Thank you for your continued support in making these opportunities possible.

I encourage you to check the newsletter for details about our Parent Workshop on Growth Mindset, taking place at the school on February 3 from 7:00pm - 8:30pm. This workshop will offer valuable insights on how we can help our children develop resilience, perseverance, and a love for learning. We hope to see many of you there!

Parent Workshop: Developing a Growth Mindset

Sacred Heart School is excited to invite you to a special Parent Workshop featuring a presentation by Andrew Neufeld from Alongside You.

 Date: Monday, February 3

 Time: 7:00 PM – 8:30 PM

 Location: Sacred Heart School

Hot Lunch

Hot Lunch is now open for ordering. You can order your child's monthly hot lunch for January, February and March.

This month's order deadline is January 22
Details can be found on the MunchaLunch website. Link found [Here](#)

Academics are hard, and school comes more easily to some kids than to others. What if we told you that the best outcomes for your child aren't determined by their academic prowess? What if we told you that your child's success in life is something you, and they can have a lot of control over? Discover practical strategies to foster a growth mindset in your children, helping them embrace challenges, build resilience, and reach their God-given potential. Andrew Neufeld brings a wealth of experience and insight into nurturing positive mental habits and equipping children to thrive in today's world.

This is an invaluable opportunity to support your child's personal growth and academic success journey.

We look forward to seeing you there! Let's support our children in becoming the best versions of themselves, as God intended.

Highlights & Happenings
