

Dear Sacred Heart Parents,

Traditionally, the Dinner Dance Auction, which takes place each November, is not only one of our major fundraisers of the year, but also a great community builder for our school. While the actual night of the event is always impressive and the sense of community is evident, over the years many family friendships have been forged by the people who have invested time and energy planning and coordinating the event. There was always a great vibe in the school office, and in the French Room, as organizers worked hard to make sure the event was memorable for everyone. To all of you who in past years have worked on DDA committees, I am grateful for all that you have done to ensure that the event has been such a success financially and, as equally important, has brought families in our school together. I will miss seeing you around the school over the next month preparing for the event.

This challenging time has called for creativity. For this year our Dinner Dance Auction has morphed into a Virtual Dinner & Auction. The team has been working hard to bring our annual event safely to your home. We are excited to continue this long standing tradition and celebrate our Sacred Heart School community, embracing this unique year, by coming together virtually. The official invitation will be emailed to you on Friday.
